

## **Walgreens Prescription Savings Club**

### **Program Details**

- Offers discounted prescription pricing for individuals and families
- No age limits, health restrictions, medical exams or prior authorizations required
- Includes discounts on more than 5,000 brand name and generic medications
- Over 400 select generic medications priced at \$12 for a 90-day supply
- Medications in all drug classes (Insulin and diabetic supplies are included)
- 10% reward on purchases of Walgreens brand products and photofinishing services
- Pet prescriptions qualify under this program
- Program can be entered regardless of whether an individual has insurance coverage or not
- Persons enrolled in a publicly funded health care program (e.g. Medicare, Medicaid and TRICARE) are prohibited from participating
- Enroll online or by stopping at any Walgreens pharmacy

### **Who Benefits?**

- Uninsured
- Those whose insurance doesn't cover all their medications
- Individuals with high prescription co-pays

### **Cost of enrollment into the Prescriptions Savings Club**

The annual cost is \$20 for an individual and \$35 for a family. A family includes the spouse, dependents under 23 years of age and household pets.

### **How do you find the Prescription Savings Club drug pricing and other details?**

In order to find information on the Prescription Savings Club, go to [www.walgreens.com](http://www.walgreens.com). Then, click on "Pharmacy" on the upper left. On the following screen, find "Walgreens Prescription Savings Club" which is located on the bottom left. "Get Details" links to several other areas including "Frequently Asked Questions", "400 generics" (detailing the \$12 90-day supply prescriptions) and a "Drug Pricing Tool." The "Drug Pricing Tool" assists in finding the Prescription Savings Club price for your prescriptions.

### **Further questions?**

- Contact Walgreens at 1-866-922-7312
- Call a local Walgreens pharmacist
- Visit the list of "Frequently Asked Questions" mentioned above
